

Year Five

Topic Plan Term 4 2017

Literacy

We are looking at a variety of Ancient Greek myths in all aspects of literacy: in our writing; in our reading comprehensions and in our guided reading sessions.

The children will be retelling a myth, then

imitating a myth by retelling a known myth, but adding a few changes. Then they will create their own myths.

This work will be developed by turning the stories into a play script.

Maths

We are increasing our focus on maths reasoning and how we apply the basic numbers skills that we have been taught, to a variety of word problems and maths challenges.

We will continue to look at addition, subtraction, multiplication and division. We are going to study 'angles' - drawing and measuring angles.

History - Ancient Greece

To continue to look at Ancient Greece and how the ancient civilisation has had an impact on our lives. To look at the Ancient Greek gods and the different powers that they had.

We will investigate the writing/alphabet systems used in Ancient Greece and compare their education system to our own.

Ancient Greece

Hook: Ancient Greek Myths

End product: A variety of work based on Ancient Greece, including literacy work, a powerpoint and a papier mache urn.

French—Ou Habites-tu?

We are celebrating our French learning with a French afternoon.

P.H.S.E.

'Knowing Myself'

Class based discussions will look at how we deal with different situations.

P.E.

Indoor: Swimming

To continue to work towards a variety of swimming awards.

Outdoor—Cricket

We will be having a cricket coach teaching cricket to Year 5 this term.

Music

To listen and respond to a range of different music and be able to express an opinion about the piece of music heard. This term we are looking at a piece of music by Benjamin Britten.

Science—

We are continuing with our topic on materials. We will look at melting and dissolving, reversible and non-reversible changes and will be focussing on conducting our experiments in a fair way.

This term we will have Science Week during week 4, and both classes will see some very exciting experiments!

Art

To make Greek urns and decorate them in the style of the Ancient Greeks.

Computing—iMovie

Children will be working in groups to write and make a powerpoint presentation about Ancient Greece.

R.E

Was the death of Jesus a worthwhile sacrifice?

We will discuss this topic during the term and have the opportunity to talk further to Rev Sue.
