

Educational Visits & Outdoor Learning

February 2017

Reading Reward Trip to the Cinema

Seven children, who won Term 3 reading raffle, travelled to Banbury Cinema to watch the Batman Lego film. They were fortunate enough to have the cinema to themselves! Owen enjoyed the final fight scene between Batman and his enemies. Rehan's favourite part was when Batman agreed to adopt Robin and hugged him. Tymon loved the part when the people worked together to pull the city back together again.

Year 6 IMPS Visit

Year 6 visited the Horton General Hospital to learn about accident prevention and first aid. They learned how to put people in the recovery position and CPR. They also learned how to use a defibrillator. The children were shown several scenarios about accidents which could have been prevented and they discussed what they could do. The children also enjoyed having their finger put in plaster!

Daisy enjoyed the course as she now feels that she would know what to do if someone was in trouble. Lucy D felt the course was very helpful and she is much more confident to help someone if something goes wrong.

Year 5/6 Hockey Festival

Children from Year 5 and 6 visited BGN to take part in a Hockey Festival. They played seven games and took it in turns to play each one. They needed to have a team of six on the pitch, three boys and three girls. Aaron really enjoyed the experience, as it is a sport he hasn't tried before. He thinks he could be quite good at it, and was given support by Banbury Hockey Club.

Charlie felt that after playing one game, she was hooked on hockey and wanted to play the game all the time. She felt that the rules were simple and easy to understand.
