

English—How do you mummify a body?

Children will be writing clear and effective instructions for how to mummify a body.

Ancient Egyptian Creation Story:

Children will be learning, reinventing and creating their own creation story based on the Ancient Egyptian Creation Story. They will be writing their own character descriptions of gods and goddesses and writing setting descriptions to use in their story.

History/Geography—

Children will be studying the Ancient Egyptian beliefs about the after life. They will study a variety of gods and goddesses, they will study the Book of the Dead and the use of canopic jars.

Death on the River Nile

Art and DT—

Children will be studying Ancient Egyptian canopic jars. They will be creating jars in partners using paper mache techniques. These will be displayed in our Ancient Egypt museum.

Science— Sound

Children will be exploring how sound is formed and conducting a variety of experiments and problem solving. Children will be using drama techniques and scientific reasoning to explore sound in every day life.

Maths -

Children will be working on:
Missing box problems (use a bar model to interpret).
Rounding decimal numbers to the nearest whole number.
Adding fractions that total more than 1.
Comparing 3 and 4 digit numbers.
Comparing decimal numbers.
Exploring different ways of writing lengths (mm, cm, m). They will also work on converting, comparing and ordering lengths.
Interpreting bar charts and solving worded problems using RUCSAC.

ICT—

Children will be researching an Ancient Egyptian god or goddess. They will learn power point skills in order to create and present a power point presentation in pairs.

French-

Children will be learning how to say the seasons, months of the year and explain when their birthday is.

RE—

Did Jesus really do miracles?

Children will be exploring miracles in the Bible. They will be writing prayers and considering the types of miracles that they would like to see in their own lives.

Music— Developing musicianship through learning to play the ukulele.

PE-

Outdoor PE:
Kwik cricket- bat and ball skills.
