

Spring Term 1 Newsletter

Year 2

Topic for the term

We will be learning about food, where it comes from, how it is farmed and where we buy it. We will also be learning about food from around the world and sampling different foods.

We are very lucky this term to have a local company called Newly Weds visiting year two to talk about food and to deconstruct food with us!

PE and Sports News

Please bring in PE kits on a Monday and leave them in school all week. Children need indoor and outdoor kits, including a red top, black shorts, a dark tracksuit and trainers.

We will be looking at Indian dance through characters in Indoor PE, resulting in some dance performances showing emotion. In outdoor PE our focus is sending and receiving. Here we will be looking at ball skills, working together and using these skills in small group games.

Home Learning

The home learning day remains the same as last term. Home learning will be given out on a Tuesday to be completed by the following Tuesday. This will be a combination of Mathletics, Spellodrome and Topic work.

All home learning can be found on our school website

Please ensure that your child is reading at least three times a week at home and record this in their diary for them.

Children completing all of their home learning, including reading will be given an extra playtime on Fridays.

We appreciate your continued support with home learning, especially with SATs approaching!

Ways to support your child at home this term

Supporting your child with their home learning, including regular reading at home (at least 3 times a week), and ensuring that this is handed in on time, is a great help and is reinforcing the work we are doing in class.

Targets

Maths: To understand fractions as part of a whole.

Writing: To use the punctuation accurately that you have learned.

Reading: To use inference skills to answer questions about something that you have read.
